

## Tippecanoe Market Days Rules and Guidelines

These Rules and Guidelines have been established to create a market that offers local produce and products to the consumer directly from the producer. Please keep a copy for your records. Failure to observe these rules may result in termination of your market assignment. If you have any questions regarding these rules or joining the market, please contact **Kim Bulgin, Executive Director of Downtown Tipp City Partnership at (937) 667-0883 or email at [info@downtown Tipp City Partnership](mailto:info@downtown Tipp City Partnership)**

### LOCATION & HOURS OF OPERATION

- The market shall be located in the first block of South Second Street.
- The 2022 Tippecanoe Market Days hours shall be from 5:00 P.M. to 8:00 P.M. the first Friday of each month, commencing on Friday, **June 3, 2022 through September 2, 2022**. Additional dates may be offered throughout the season as well as into October. Full Time Vendors will be given priority if additional dates are added.
- Vendors must arrive no later than 30 minutes prior to market opening time. Latecomers may be denied admission or admitted and located at the market manager's discretion.
- Vendors must set up monthly, rain or shine (severe weather conditions excluded), and must stay the duration of the market. One vendor's departure affects other vendors – one tent comes down and customers think the market is done for the day.
- At the close of the market, all vendors must begin packing up to leave the market site but may continue to sell as they load. Vendors must leave the market site as soon as possible after the close of the market.
- If a market is canceled due to severe weather, vendors will be notified in a timely way by email, text, and/or telephone.
- **Vendors must email or call the market manager if they will miss a market, giving us notice at least 24 hours in advance, so the market setup can be modified. Failure to do so will count as an absence and may affect participation in future market days and will forfeit the deposit.**

### GOODS, PRICING & SALES

- We are a producer-only market. All items sold at this market are to be grown or made locally. "For purposes of these Rules and Guidelines, "locally" shall mean Ohio.
- We allow handmade consumables (e.g. food; health and beauty products) provided that the items have met all state and local regulations.

- Growers are expected to sell only high-quality goods. If goods are of a low grade, the sale of these goods may be prohibited. Lower quality or overripe produce must be labeled as such and can be sold for a discounted price.
- Bakers must sell freshly baked goods of high quality. No resale of old product (i.e.: product that has lost freshness and taste) is allowed.
- Vendors that locally produce handmade pottery, crafts, etc. are also invited to participate in the market.
- The market shall open each scheduled day at 5:00 P.M., and every vendor should be ready for business at that time. Vendors are expected to remain open for business until the conclusion of the market at 8:00 P.M. If a vendor happens to sell out before then, the tent, table, and signage need to remain until 8:00 P.M., although the vendor does not have to maintain a physical presence at the booth. Vendors who choose to leave the market before the close at 8:00 pm of the market season will not receive their deposit back.
- Vendors must have signage that clearly identifies their farm or business. This sign may also include the farm's/business' general location, a photo, brief history of farm/ business, description of growing/other practices, and so forth.
- Products and produce labeled organic must be certified according to the United States Department of Agriculture.
- Vendors are to set their own prices. Prices must be visibly posted. The preferred method is to label each individual item or group of items for sale with a price tag. Alternatively, prices may be listed on a large poster board/sign that is readily visible to customers.
- Vendor(s) MAY be allowed to offer items that they have not grown or produced, if the following requirements are met:
  - 1) Item must be produced and /or grown in the State of Ohio
  - 2) Each individual product must be approved by the Market Management and/or City Staff, prior to offering it for sale.
  - 3) Signage for the item(s) MUST state where it was grown/produced
- Vendors selling non-edible products, such as flowers, plants, yarn, soap, or other items that are subject to tax must comply with applicable tax reporting laws.
- Start by visiting <http://business.ohio.gov/> and obtain an account on the website mentioned. Then request a "vendor license" (probably "transient vendor license" for most vendors). Call 1-888-405-4089 for help with the vendor license application.

No "open trunk" sales will be permitted. No stakes may be driven into the ground or parking lot surface.
